

Assurance of Student Learning Reflection 2024-2025

College of Health and Human Services

Department of Public Health

Environmental Health Certificate (1743)

Grace Lartey

Is this an online program? ☐ Yes ☒ No

Please make sure the Program Learning Outcomes listed match those in CourseLeaf. Indicate verification here
☒ Yes, they match! (If they don't match, explain on this page under **Evaluation**)

Instructions: For the 2024-25 assessment, we are asking you to reflect on the last three-year cycle rather than collect data. It's important to take time to look over the results from the last assessment cycle and really focus on a data-informed direction going forward. In collaboration with your assessment team and program faculty, review each submitted template from 2021-2024 and consider the following for each Program Learning Outcome, add your narrative to the template, and submit the draft to your **ASL Rep** by **May 15, 2025**.

Program Student Learning Outcome 1

Program Student Learning Outcome	Students will be able to assess potential environmental issues within the community.
Evaluation	While the learning outcome is still relevant and measurable, the certificate program has consistently had low enrollment. The program has been under monitoring for the past 2 years. Upon the completion of the recent Academic Program Review (APR), the recommendation to sunset the program will be implemented at the beginning of the 2026/2027 academic year.
Measurement Instruments	The measurement instruments measure the stated outcome; however, the program is slated to be sunset during the 2026/2027 academic year.
Criteria & Targets	The program is slated to be sunset during the 2026/2027 academic year.
Results & Conclusion	The certificate program has consistently had low enrollment. The program has been under monitoring for the past 2 years. Upon the completion of the recent Academic Program Review (APR), the recommendation to sunset the program will be implemented at the beginning of the 2026/2027 academic year.
<u>**IMPORTANT - Plans for Next Assessment Cycle:</u>	The certificate program has consistently had low enrollment. The program has been under monitoring for the past 2 years. Upon the completion of the recent Academic Program Review (APR), the recommendation to sunset the program will be implemented at the beginning of the 2026/2027 academic year.

Program Student Learning Outcome 2

Program Student Learning Outcome	Students will be able to design and implement effective strategies and interventions to improve on the environment and prevent or reduce health hazards.
Evaluation	The certificate program has consistently had low enrollment. The program has been under monitoring for the past 2 years. Upon the completion of the recent Academic Program Review (APR), the recommendation to sunset the program will be implemented at the beginning of the 2026/2027 academic year.
Measurement Instruments	The program is slated to be sunset during the 2026/2027 academic year.
Criteria & Targets	The program is slated to be sunset during the 2026/2027 academic year.
Results & Conclusion	The certificate program has consistently had low enrollment. The program has been under monitoring for the past 2 years. Upon the completion of the recent Academic Program Review (APR), the recommendation to sunset the program will be implemented at the beginning of the 2026/2027 academic year.
<u>**IMPORTANT - Plans for Next Assessment Cycle:</u>	The certificate program has consistently had low enrollment. The program has been under monitoring for the past 2 years. Upon the completion of the recent Academic Program Review (APR), the recommendation to sunset the program will be implemented at the beginning of the 2026/2027 academic year.

Program Student Learning Outcome 3	
Program Student Learning Outcome	Students will evaluate (environmental health) implemented strategies and interventions.
Evaluation	The program is scheduled to be sunset at the beginning of the 2026/2027 academic year.
Measurement Instruments	The program is scheduled to be sunset at the beginning of the 2026/2027 academic year.
Criteria & Targets	The program is scheduled to be sunset at the beginning of the 2026/2027 academic year.
Results & Conclusion	The recommendation to sunset the program will be implemented at the beginning of the 2026/2027 academic year.
<u>**IMPORTANT - Plans for Next Assessment Cycle:</u>	The certificate program has consistently had low enrollment. The program has been under monitoring for the past 2 years. Upon the completion of the recent Academic Program Review (APR), the recommendation to sunset the program will be implemented at the beginning of the 2026/2027 academic year.
