Instructions: For the 2024-25 assessment, we are asking you to reflect on the last three-year cycle rather than collect data. It's important to take time to look over the results from the last assessment cycle and really focus on a data-informed direction going forward. In collaboration with your assessment team and program faculty, review each submitted template from 2021-2024 and consider the following for each Program Learning Outcome, add your narrative to the template, and submit the draft to your **ASL Rep** by **May 15, 2025**.

Program Student Learning Outcome 1	
Program Student Learning Outcome	Demonstrate knowledge of and adherence to local, state, and federal legislation, regulations, and policies along with the impact of those policies on children, families, schools, and communities.
Evaluation	Since this was the first year of implementation, the SLO appears to be appropriate and measurable.
Measurement Instruments	The measurement instrument is measuring the outcome appropriately. This will continue to be evaluated and changes will be made as necessary going forward. The rubric being utilized is appropriate and does not need to be revised at this time.
Criteria & Targets	The criteria for success is appropriate and does not need to be changed at this time. We will continue to evaluate this as we continue with implementation.
Results & Conclusion	<u>Results:</u> The results are what we expected and students continue to demonstrate effective and appropriate achievement of this outcome. <u>Conclusions:</u> Since this is the first year of implementation, the assessment measure and details of the certificate program worked as expected. We will continue to evaluate and monitor for necessary changes moving forward. We have had a strong response to the certificate and will therefore continue to modify as needed.
<u>**IMPORTANT - Plans for Next Assessment Cycle:</u>	Plans for next assessment cycle include continued evaluation of the current assessment plan for changes needed. We will monitor and determine if there are additional courses that could be offered to meet the student learning outcomes appropriately while collaborating with other disciplines within CHHS and among other colleges.

Program Student Learning Outcome 2	
Program Student Learning Outcome	Articulate the multiple roles of the school social worker in practice, including collaboration and partnerships with other disciplines, systems, and families to ensure culturally responsive school social work practices.
