

THE GATTON
ACADEMY 
of Mathematics and Science

Research Supplies Funds (RSF) application

About the RSF: *The Gatton Academy RSF is for research mentors and departments that host Gatton Academy students in independent research projects outside of the students' curriculum. RSFs are granted in the amount of \$250 per student per academic year upon approval of the attached application. The money is attributed to the WKU departmental index account that the research mentor indicates (cannot be Professional Development [PD] or external grant accounts). Funding is limited; application cycles start each July 1, and awards are made until funds are exhausted. The Academy's intent is to support our students' research, and the faculty members who mentor them, by helping provide materials or supplies that can advance research goals.*

Part I: To be completed by Gatton Academy student

Gatton Academy Student Name: _____ WKU ID #: _____

Dept. Hosting Research: _____ Research Professor Name: _____

Research Professor E-mail/Phone Number: _____

Signature of Gatton Academy Student

Date

Part II: To be completed by Research Professor

Please verify the above information, answer the following questions, and return form to Academy student.

Please briefly describe the research project the above student is involved in: _____

Please indicate what supplies the RSF will be used to purchase/help pay for: _____

If approved, you will be notified by e-mail and the RSF money will be transferred to the departmental BANNER index account that you indicate (cannot be a Professional Development [PD] or external grant account). Departmental BANNER Index # (required) _____

Signature of Research Professor

Date

Return completed form to Dr. Sam Earls, Assistant Director, Academic Services, Gatton Academy of Mathematics and Science, Florence Schneider Hall 142, Western Kentucky University, Bowling Green, KY 42101
